

Technical Meeting on Nuclear Fusion Fuel Permeation in Reactor First Wall Components

Contribution ID: 84

Type: **not specified**

Analysis of tritium permeation and inventory in DEMO PFCs

Tuesday, 5 October 2021 14:50 (30 minutes)

Permeation and TDS experiments, modelling

Primary author: LEBLOND, Floriane

Presenter: LEBLOND, Floriane

Session Classification: Gas-driven Permeation
